ARTILLERY FIGHTS.

They Are Adding to the Horrors of the Situation at Port Arthur.

THE RUSSIANS MADE A SORTIE.

A Desperate Attack Was Made Upon the Kanagawa Regiment and it Was Practically Annihilated.

Only One Non-Commissioned Officer and 11 Soldiers Remained Alive Out of the 4,000 Who Went Into the Engagement.

London, Oct. 4.—The Daily Telegraph's Nagasaki correspondent, cabling under date of September 25, says:

"Terrible artillery conflicts are adding to the horrors of the situation at Port Arthur. On September 22 and 23 the Russians made sorties against positions held by the Kanagawa regiment, and desperate fighting ensued. The Japanese force was practically annihilated, only one non-commissioned officer and 11 men remaining alive out of the 4,000 who went into the engagement.

"The Japanese tunnel into Port Arthur was completed on September 24 and was immediately used. The result is unknown."

Mukden, Oct. 4.—The situation here is unchanged. The Japanese are active west of Mukden. The Russian cavalry forces are strong in that direction, their horses are in splendid condition and the roads are good. The Japanese are also active eastward and have been reinforced.

London, Oct. 4.—Explaining the details of the new Japanese military regulations, the Times correspondent at Tokio says it will ultimately make the total war strength of the army exceed 1,000,000.

St. Petersburg, Oct. 4.—The war commission adjourned Monday night without issuing further news from the front. A press dispatch from Mukden, filed there at 10:30 o'clock Monday night, states that all is quiet there. There is intense interest here in developments at Mukden, but the public and apparently the authorities also are utterly in the dark as to what is transpiring. The little news received from Port Arthur comes from abroad, but little is satisfactory, inasmuch as it records a further repulse of the Japanese attacks.

VICKSBURG MILITARY PARK.

War Department Makes Public the Report of the Commission.

Washington, Oct. 4.—The war department Monday made public the report of the Vicksburg national military park commission, consisting of William T. Rigby, Stephen D. Lee and James G. Everest.

The report says that foundations have been constructed for the 39th Ohio regimental and battery monuments, which will be placed in position within a few months. The Iowa Vicksburg park commission has signed a contract for the construction of its memorial in the park at a cost of \$100,000. The Illinois Vicksburg park commission has arranged for the construction of a state memorial to cost \$200,000. The commission has approved the request of the Pennsylvania Vicksburg park commission to place its monument on a tract of land adjoining the general grant reservation on the north, the land embracing 2.59 acres to be purchased by the Pennsylvania commission and deeded to the United States. An estimate of \$150,000 is made for the necessary expenses by the commission at the next fiscal year and it is suggested that the appropriation be made immediately available to meet existing conditions.

MANY DELEGATES PRESENT.

The National Horsethief Detective Association Meets.

Logansport, Ind., Oct. 4.—The National Horsethief Detective association convened here Monday evening, 1,000 delegates being present. The order is organized only in Indiana, Illinois and Ohio. Its members are pledged to go at a minute's notice to the aid of any member whose horse may be stolen, to assist in the recovery and to punish the thief.

Paris, Oct. 4.—Two world's records for motor cycles were created at the Dourdan meeting Monday, namely: Standing start, one mile, 57.45 seconds; flying start, one kilometer, 29.15 seconds.

Booneville, Ky., Oct. 4.—Price Moore was Monday acquitted of the murder of Lewis Cole. A jury from Jackson county brought in a verdict against George Baker for two years, he being co-defendant of Moore.

THE LATE SENATOR HOAR.

Funeral Services Were Held at Worcester, Mass., Monday.

Worcester, Mass., Oct. 4.—Funeral services for United States Senator George Frisbie Hoar were held here Monday. In the presence of many persons representing societies and associations, the city of Worcester, the commonwealth of Massachusetts and the congress of the United States, the favorite hymns of the dead statesman were sung, the 90th Psalm was read and two clergymen spoke words, eulogizing the man who had been their friend for many years.

Public and private business in the city was suspended. Buildings were draped and pictures of Senator Hoar were generally displayed with symbols of mourning in the windows. Members of the volunteer militia who assisted in doing police duty, provided the only touch of formal display.

The services, which were held in the Little Church Unity, which Senator Hoar attended, in accordance with the wishes of the senator, were of a most unceremonious nature. Three hymns were sung. Rev. Dr. Bush R. Shippen, of Brocton, formerly pastor of the Church of the Unity, spoke briefly of his personal acquaintance with Senator Hoar, and Dr. Edward Everett Hale, the venerable chaplain of the United States senate, schoolmate and lifelong friend of the senator, spoke at greater length, after having read a Psalm and offered a brief prayer.

Thirty-five thousand people passed through the city hall and viewed the body of Senator George F. Hoar between 4:30 and 9:30 Monday night. The four hours allotted for this ceremony proved inadequate and an extension of an hour was made. Fifty thousand people massed in front of city hall and adjacent ways and many cases of fainting women were noted. Police ambulances carried 19 people from the crush to their homes and others were cared for in city hall. When the doors of the city hall were closed at 6 o'clock Monday night Messrs. Doherty and Earle, who will remain with the body constantly until it is placed in the grave Tuesday at Concord, escorted it to an undertaker's establishment.

FOUR MINERS KILLED.

Fall of Earth and Ore in a Mine at Cartersville, Ga.

Cartersville, Ga., Oct. 4.—By the falling of earth and ore, estimated at 1,000 tons weight, the lives of four men were snuffed out near here Monday. Two others are seriously injured and are expected to die. The dead: R. P. Morgan, president and manager of the Morgan Mining Co., of Cartersville; James Harris, Jr., white, Cartersville; Robert Boynton, Negro, Cartersville; unknown Negro.

Injured: Wright Miller, Cartersville; Al Buford, Cartersville. Harris, Boynton and the unknown Negro are still buried beneath the mass of earth. One hundred men are now working to remove the earth.

The cause of the disaster was what is known by miners as a "slick head." A heavy strata of oil lay above a mass of clay and the latter gave way.

A POINT IN LAW.

Railway Employee Falling Asleep on Duty No Excuse For An Accident.

Philadelphia, Oct. 4.—Judge Swartz, in the Montgomery county court at Norristown, Monday refused to affirm a point in law submitted by an attorney that when a railroad employee falls asleep from physical weakness, from illness or from weariness from long hours or steady employment, and an accident occurs, the employee should be acquitted. In refusing to affirm it, Judge Swartz held that no man had a right to work on a railroad unless in fine physical condition, and if he fell asleep, no matter from what cause, he should discontinue work even though he should lose his position, rather than jeopardize human life by continuing on duty.

ALLEGHENY RIVER MYSTERY.

The Body of the Well Dressed Young Woman Identified.

Pittsburg, Oct. 4.—The body of the young woman found among driftwood in the Allegheny river Sunday dressed in silks, with the head closely shaven, was identified at the morgue Monday as Emma Freyer, 28 years old, a widow, who lived in Allegheny. The identification was made by Rose Warner, a friend, who said the Freyer woman's head was shaven following her recovery from typhoid fever. The Warner girl said it was undoubtedly a suicide and not murder, as first supposed. She said the woman was despondent Saturday and left her home about midnight for a walk, remarking, "The river looks good to me to-night."

Julius Verne says the great bulk of his work has been done by writing three hours, before breakfast.

Happenings in Kentucky

MISTAKEN FOR MUSHROOMS.

An Entire Louisville Family Poisoned By Eating Toadstools.

Louisville, Ky., Oct. 4.—The entire family of Eugene Napier, six members in all, of 218 28th street, were poisoned, one perhaps fatally, by eating toadstools which they had mistaken for mushrooms. Those made ill were: Mrs. Rebecca Napier, seriously; Mrs. Lucinda Fowler, probably fatally; Thomas Napier, 17, seriously; Gertrude, 8, seriously; George, 10, slightly; Henry, 24, slightly.

But for the heroic efforts of Mrs. Napier, the mother, who threw all thought of her own safety to the winds, three of her children would have died.

When she was violently ill Mrs. Napier pulled herself from the lethargy into which she had fallen and prepared a simple emetic of salt water, which temporarily stayed the effect of the poison until a physician arrived.

The toadstools were picked by Thos. Napier Sunday morning in an old lot in High street, between 37th and 28th streets.

SHOT FROM AMBUSH.

A Posse Starts to the Scene of the Shooting.

Lexington, Ky., Oct. 4.—A telephone message received here says that Rich Cottingham was shot from ambush Monday morning on Big creek, four miles below Hazard, and is dying. He was with his wife and two brothers-in-law when picked off by some one concealed along the roadside. He fell on the exact spot where Joe Eversole, of French-Eversole feud fame, was killed. A posse has gone to the scene. The wounded man is a resident of Jackson.

Far From a Solution.

Lexington, Ky., Oct. 4.—Although it has been one week since the dastardly attempt was made to poison the family of Judge James H. Mulligan, the mystery is no nearer solution than it was when the attempt was first discovered and it is not believed more developments will be had before the trial of the Negro, Lewis Mitchell, arrested for the alleged attempt to administer the poison.

Poolrooms Closed Their Doors.

Lexington, Ky., Oct. 4.—Under orders issued by the police Saturday at the instance of the grand jury, the poolrooms closed their doors Monday and will remain closed. The order is particularly severe at this time because the trots open here Tuesday. The talk is that both will open later and pay the fines for running.

Mrs. Lillian Wilson Dead.

Bardonia, Ky., Oct. 4.—Mrs. Lillian Wilson, the wife of J. S. Wilson, of the Standard, died of consumption. She had been ill since last May. She was the daughter of Robert Woodall, of Rockcastle county. The burial will take place at her old home.

London, Oct. 4.—The Standard's Tokio correspondent reports that at a conference of bankers it was decided to issue immediately a third domestic war loan of \$40,000,000.

CAUSED CANCEROUS GROWTH.

Man Dies From the Effects of Experimenting With X-Ray Apparatus.

Orange, N. J., Oct. 4.—Clarence M. Daly is dead at his home in East Orange from the effects of a cancerous growth resulting from long continued persistence in experimenting with X-ray apparatus in the experimenting department of the Edison laboratory at West Orange. For 16 years Mr. Daly was employed in the Edison works where for a number of years continuous exposure to the mysterious power of the rays induced the cancerous growth on his hands, which finally caused his death, after intense suffering and the successive amputations of both his arms.

PAYNE IS SINKING

All Hope of Recovery Abandoned by the Attending Physicians.

LIFE PROLONGED BY STIMULANTS.

After Midnight His Family and Friends Were Summoned to the Patient's Bedside.

Early Tuesday Morning the Postmaster General Rallied, Under Fluids Injected At Midnight, and Spoke to Those About.

Washington, Oct. 4.—Postmaster General Payne Monday night was weaker than at any previous stage of his illness, save during the worst of his sinking spells, and his death, it is said, might occur at any moment. The most powerful stimulants in greater doses than ever were administered at frequent intervals and it would be due to them alone, it is said, if he survives the night. Without them it was admitted he could not live more than a few hours. His pulse at times Monday was barely perceptible. There was a severe sinking spell at noon Monday and another shortly after 4 o'clock Monday afternoon that lasted half an hour. During the succeeding hours the sick man gained a little rest, though he could not sleep long at a time. At 9:30 o'clock Monday night Dr. Magruder issued a bulletin saying that Mr. Payne continued to respond well to the remedies administered, and that there was a slight improvement. Mr. Payne was unconscious most of the time.

Mr. Payne grew worse at 12:12 and the family was summoned to his bedside. He had another sinking spell and the end was believed to be near.

Those at the bedside were Mrs. Payne, Maj and Mrs. W. F. Cameron, of Jamestown, N. Y.; Mr. and Mrs. Winfield H. Cameron, of Milwaukee; Charles T. Jones and Miss Louise Jones, relatives; Private Secretary Whitney, Miss Marie Barber, an old companion of Mrs. Payne, and the faithful colored messenger at the department of the postmaster general. Mr. Payne several times called faintly for Mrs. Payne.

At 2 o'clock Private Secretary Whitney announced that all efforts to revive the postmaster general by stimulants had been abandoned. At that hour Mr. Payne was barely alive and all hope had been abandoned. It was announced that he was just lingering and while he might last two hours the end might come at any moment. No stimulants were being administered and the physicians were allowing nature to take its course.

The Patient Again Rallies.

At 2:20 Drs. Grayson and Magruder said that the fluid which had been injected at midnight when the sinking spell began, is now absorbed and that the effect is shown by the improved respiration and pulse. It was added that this is not an indication of a recovery, but that the patient might last until morning. This fluid is a stimulant which was given to him and to which at first he failed to respond. It was after this failure to respond that it was announced that further administration of stimulants would not avail.

At 2:35 it was announced that the postmaster general had rallied suddenly and exclaimed, "Hello!" to those about him. Milk then was given him to drink.

Dr. Magruder asked the postmaster general how he was feeling, and he replied "First rate." Dr. Magruder said that Mr. Payne's respiration was better and more regular than it has been in the past 24 hours and that if the improvement kept up he probably would last for several hours.

At 3:45 the postmaster general was resting easily, and seemed somewhat better. His breathing and pulse are better than for some days. The family again retired to their rooms.

LIEUTENANT GOVERNOR THORNE's action in pardoning the fiend Buchter who murdered his own daughter while she was repulsing his unnatural advances, is condemned by the people and the press everywhere. Especially in this State, where the horrible details of the crime are well remembered, the utmost feelings of indignation have been aroused. Mr. Thorne's is another case of big head and little brains.

ROOSEVELT was formerly a member of the Civil Service Commission and is prouder of his record in that respect than almost anything he has done save cow punching in the West and that famous charge of San Juan Hill. But he is both blind and deaf to the frequent infractions of the Civil Service law in this and other States. Federal officeholders in Kentucky are being openly assessed for a corruption fund with which to help elect Roosevelt, but not one word of protest comes from the White House.

HON. CARL SCHMIDT has addressed a lengthy letter to the Parker Independent Club of New York setting forth his views on the political situation. Following is an extract from the communication:

"I believe that, in view of the peculiar requirements of the time, the Democrats have chosen an eminently proper man for their candidate. Mr. Parker evidently is by temperament and mental habit, as well as by acquisition of knowledge, par excellence, a Judge; and it seems to me that just now, after all the confusing experiences we have gone through, it is peculiarly desirable that we should have a true Judge in the Presidential chair—a man who knows the law; who reveres the law; who will never permit his emotions to make him overlook the law; who will never presume that his will is law, and who will constantly keep in mind that a democracy will drift into chaos as soon as its government ceases to be a government of law.

His conduct has also shown that he is a man of high self-respect. A nomination for the Presidency is a very great honor. But while Mr. Parker may have strongly desired it, he did not run after it. With quiet dignity he waited for it to come to him, and when it came under questionable circumstances, he would not take it at a sacrifice of his conception of duty. His famous dispatch to the St. Louis convention extorted at first a general shout of admiration even from his political enemies. Only when they perceived the moral prestige it gave him, they began their mean and pitiable partisan efforts to drag that noble deed down to the level of a shabby campaign trick.

"The reasons I have here candidly given compel me to believe that the American people will act wisely in making Alton B. Parker their President. I have spoken not as a partisan, but as an independent citizen, who has long been accustomed to regard the good of the country as infinitely more important than the advantage of any party, and who has no interest in political life than the honor and welfare of the republic, to which he is profoundly and gratefully devoted."

Mr. David Wilson visited the Wood brothers in the county last week, having been overseer for their father just after the war, from whence he left to make his home at Kansas City. He served in the war under Colonel Joseph T. Forman in the Second Kentucky cavalry. Mr. Wilson went to Tollesboro Saturday to visit his youngest brother, Mr. Thomas Wilson.

There's been more tin cans sold this season than for any two seasons heretofore. It's something like it was in Western Kansas some years ago during a drouth of some summers, when John Taylor used to say that he could walk almost on emptied tin cans from Dodge City to Ashland, a distance of fifty miles. The latter is the place where the chap told a young man of this county, who had just gone there, that he "had come to the jumping off place."

Undoubtedly the most pretentious revival of the Shakespearean dramas made in recent years is Mr. Joseph Shipman's elaborate revival of Shakespeare's most brilliant comedy, "Twelfth Night," in which the beautiful actress, Miss Charlotte Burnett, is making her inaugural tour. This lady is young, but has gained an enviable reputation in dramatic circles, even among the old Shakespearean artists. Her past experience with Mr. Richard Mansfield and Julia Marlow, appearing in such plays as "When Knighthood Was in Flower," "The Cavalier," eminently fits her for her present position. Seat sale for subscribers will open at the box office at 1 p. m. Friday.

"Do you run a 'query' column?" breathlessly inquired a certain Second street merchant as he tumbled up the BULLETIN office stairs and into the sanctum where the scribe was dividing time with a poetic genius and a cigarette fiend.

"If you do, I want to inquire what it is my wife told me to do to-day without fail. She tied a string around my finger this morning when I left home, but I'll be hanged if I remember just what it is for. I am afraid to go home to-night unless I can deliver the goods, and if you can help me out you are at liberty to name the price."

To one whose duty it is to read the mind and unravel the future, it was dead easy, so we whispered feverishly as we beheld the glittering coin in his extended hand, "Why, she wants you to be sure and REGISTER to-day."

It all came back to him like a flash, and as he made a bee line for his voting place, we could hear him murmur, "lest we forget, lest we forget."

PHYSICIAN'S GOOD LUCK.

Dr. Hart's Fortunate Experience of Special Interest to Many in Maysville.

The happiest man in New England to-day and one who is receiving congratulations from his friends, is Dr. Philip Z. Hart of Laconia, N. H. For years he has suffered with catarrh in its worst form.

Although he resorted to the latest scientific treatment, and consulted many of his brother physicians, Dr. Hart finally said, "I might just as well have thrown my money in the river for I grew worse and worse. My wife and I will swear that Hyomei cured me of the worst case of catarrh that ever existed. I used to cough constantly at night, and had a drooping in the throat, which kept me awake a great deal. I raised thick phlegm and was in a horrible condition. However, I am entirely cured, solely through the use of Hyomei."

J. J. Wood & Son is the local agent for Hyomei, the famous treatment which cures catarrh without stomach dosing. A complete outfit costs but \$1, extra bottles 50c. They sell it under guarantee to refund the money if it does not give quick relief.

There are several cases of typhoid fever in the Shannon neighborhood.

"The Nonpareil of Beauty!"

Cheviots, hard twisted, free from oil, the firm, even texture diversified with glistening spiral or straight nubs of self-colored Mohair, which gives life to the fabric. And this splendid color range—brown, black, navy, tan, caster, royal. Then remember most cheviots are forty-two inches wide, while these are fully forty-eight inches. And when you think of the price \$1 a yard you'll not imagine us over sanguine for predicting the rapid sale of these handsome fabrics.

Underpriced Underwear.

The "How" and the "Why" don't concern you, but quality and price do. There is nothing we can say that will be as convincing as your careful examination of this Underwear. It is closely woven, finely ribbed, drawers are in knee or ankle length, vests are neatly finished at the neck. Women who are accustomed to pay 50c will appreciate the unusual opportunity of buying such underwear for 39c a garment.

A HAPPY MOTHER

WEATHERFORD, TEXAS.
May 14, 1903.

Before my baby was born I was in great misery. I was just able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I feel that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your medicine for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it.

Mrs. C. C. Wood
TREASURER, YOUNG MATRONS CLUB.

Wine of Cardui is a powerful tonic which acts on the generative organs of women, regulating menstruation and giving tone and strength to the organs which inflammation and weakness have affected. It cures nineteen out of every twenty cases of bearing-down pains or ovarian trouble. Wine of Cardui cures barrenness, and aids the mother in conserving her strength for the ordeal of childbirth. After that event the Wine prevents dangerous flooding and helps mothers to quick recovery. Wine of Cardui is the one medicine a mother should use before and after childbirth. All druggists sell \$1.00 bottles Wine of Cardui.

The Fall Season is on; We Are Ready.

Like Oyama, when reading his telegram, we are "glad" to report that we are the only store in Maysville selling Cloaks Suits, etc., not showing a full line of last year's carried over styles. We are the only store in Maysville that went to New York for our goods and our Mr. Meiz spent three weeks with the best Cloak Suit, Skirt and Fur houses in New York. We are prepared for the largest business this house has ever done and we feel with the prosperity of this year we shall not be disappointed. It is our proud boast that no woman ever came to this store with the intention of honestly comparing our Cloaks Suits or Skirts with others and left it without purchasing.

At your service—Miss Ellen Comer, Miss Alice Clooney, Miss Lottie Rosser, Miss Kate O'Brien, Miss Lizzie Rains, Miss Katharine Swartz, Miss Margaret McAuliffe, Miss Mamie Archdeacon, Miss Louellen Driscoll, Miss Nettie Smith, Miss Daisy Chisholm, Miss Amy Kain, Miss Nellie Hatley, Mr. Frank Ellis, Mr. C. REAL ESTATE AGENT.

The DePew-Burdett Stock Company played to a packed house last night. It gives us pleasure to say that this show is far superior to many of the popular-priced concerns now on the road. They surpass competitors on several points, chief among which are the special scenery, fine costumes and first-rate acting. The train robbery pictures were good, equalling anything Lyman Howe put on. The Mayor reported \$71.50 amount of license collected during month.

Mr. John Duley was allowed a rebate of \$45.16, same being the city's per cent. on amount derived from Mr. Duley's recent real estate sale.

Mr. John J. O'Donnell was allowed a commission of \$10.17 on back taxes collected.

The petition of a number of citizens for a light on West Fourth street was referred to the committee.

The saloon license of John Wells was ordered transferred to Charles Bland.

The Proposition and Grievances Committee was instructed to investigate the condition of the sidewalk fronting Mr. John T. Martin's property on East Fourth, much complaint coming from that quarter. This brought out the usual discussion on such matters, members from each ward having similar complaints to make, but the talk was about as unprofitable as heretofore.

An ordinance was read on the subject of compelling property-owners to remove ice and snow from pavements fronting their premises. The City Attorney said there was a difference of opinion as to the legality such an act, and the matter was referred back to the committee for further consideration.

The Chief of Police was ordered to notify property-owners to repair pavements that are in bad condition; also to investigate the report that hogs are being kept within the city limits.

Mr. Ficklin made a statement to Council in which he sought to correct the impression some people seem to have that he and Mr. Eitel were drawing \$3 a day for their services in connection with the sewer. The fact of the matter is that neither of these gentlemen receive a cent. The only members who get pay are Messrs. Frost and Bauer who receive \$2 each per day for the labor they perform.

City Attorney Wood called attention to the revenue the city was losing annually by failure to tax certain franchisees; also to the dangerous condition of Second street extension, made so by the neglected condition of the fence that once ran along the north side. These matters were referred to the proper committees.

The police were instructed to enforce the ordinance against throwing garbage over the river bank. Warrants will be issued for anyone caught offending.

The C. and O. will be notified that the city expects the construction of gates on Union street without further delay.

Engineer Horn's salary for September was allowed.

Four bonds of \$500 each were ordered issued to provide for current expenses.

The Mayor was empowered to issue bonds for the unused balance of \$5,000 placed at his disposal for sewer purposes during the month of September, \$3,280 53.

Clift & Biggers took several premiums on their horses at the Cynthiana fair.

Mr. J. L. Caldwell of the Sixth ward lugged a mammoth potato into our sanctum Monday, the product of his own garden. It is a huge affair and no mistake, weighing exactly three pounds.

Reuben Warner, who escaped from the officers after being arrested for robbing the residence of Mr. R. W. Wood in the county last week, is reported to have crossed into Ohio Friday morning.

A Glasgow dental surgeon claims to have discovered a method of replacing extracted teeth after the decayed matter has been removed and they have been stopped. A newspaperman who investigated was shown a lady's tooth which had just been removed. The surgeon exhibited the root which he had just "prepared" on his patent machine, and in an incredibly short space of time had the crown joined to the roots and inserted into the socket from which the decayed tooth had been taken, declaring that the replanted tooth would remain in place and take firm root.

At Germantown Mr. Anderson won five premiums in one day with them. Mr. Anderson has forty-one harness horses at his stock farm, and taken as a whole, cannot be excelled anywhere in America."

Owing to the appearance of a small, thread-like poisonous worm in cabbages in many sections of the mountain counties, physicians have begun a crusade against the use of the vegetable. Many deaths are occurring and there is said to be much excitement over the appearance of the poisonous worm. Nothing like it has ever been known before.
